

RETURN LABEL

For the return, you may print this return label, cut it out and stick it on the box in which you have received the articles. Please write your complete address on the left hand side – this is important for the post office.

We recommend that you dispatch the parcel either with A Mail or A Mail Plus. The advantage of A Mail Plus is the electronic tracking of your return parcel.

The return label template is enclosed in a dashed grey border. At the top left corner, there is a red scissors icon. On the left side, the word 'Sender' is written vertically. In the top right corner, there is a dotted rectangular box containing the text 'You can attach your post stamp here'. The recipient's address is printed in the bottom right area.

If you have any questions about the return process, or if there are any uncertainties, we will be happy to help you at any time.
